LOUDSPEAKERS

LOUDSPEAKER STAND (2X) SILVER

VLS 120

The VLS 120 universal adjustable loudspeaker floor stand is ideal for larger home cinema front and surround speakers (weighing up to 3kg/7 lbs).

It is adjustable in height for personal preference, and features a Cable Inlay System (CIS®) to keep all cables cleverly concealed. Suitable for most speaker brands., it has a tiltable head to allow you to aim the sound exactly where you want it. It includes spiked feet for optimal acoustic performance (as well rubber feet for delicate floors).
